Tempe, United States | +1 4807204382 | santhoshbojanapally@gmail.com | [LinkedIn](#) | [GitHub](#) | <https://santhoshportfolio-nine.vercel.app/>

SUMMARY

MS in Computer Science, at ASU (GPA 3.8). Full-stack developer with MERN + SQL, API integrations. Built production-style apps; strong Data Structures and Algorithms (Top 5% LeetCode, 1,000+ problems). Seeking Summer 26 SWE internships in Full-Stack, Backend or FrontEnd Web Development.

EDUCATION

Arizona State University, - Tempe, Arizona

Jan 2025 - 2027

Master's, Computer Science (GPA: 3.8/4.0)

Tempe, Arizona

- **Coursework:** Software Project, Process & Quality Management, Information Assurance and security, Knowledge Representation and Reasoning, Mobile Computing, Software testing, Statistical Machine Learning

National Institute of Technology, Raipur

Jul 2020 - 2024

Bachelors of Technology, Computer Science and Engineering (GPA: 3.0/4.0)

Raipur, India

- **Coursework:** Distributed Systems, Parallel Processing, Networking, Operating systems Principles, Data Structures & Algorithms, DataBase Management Systems, Computer Networks, Software Engineering, OOPS, Computer programming

SKILLS SUMMARY

- **Languages:** C++, JavaScript
- **Tech Stack:** Node.js, Express.js, React.js, HTML, CSS, MySQL, MongoDB, RESTful APIs
- **Tools:** Git, GitHub, Postman, Docker
- **Machine Learning:** Statistical ML, supervised learning, Regression, classification, Model Evaluation, Python
- **Software Testing:** Test planning, Test case design, Regression Testing, Risk-based testing, Defect tracking, Test Documentation, Verification & Validation, System testing, Integration testing, Software quality metrics.

EXPERIENCE

School of Computing and Augmented Intelligence | *Grader*

Aug 2025 - Present

- Evaluated industry-sponsored, real-world capstone projects delivered by student teams, scoring sprint deliverables and project artifacts using detailed rubrics.
- Assessed Agile execution across teams (sprint planning, backlog quality, demos, retrospectives, milestone progress) and provided structured feedback to improve delivery and accountability.
- Reviewed technical and product documentation (requirements, architecture/design, testing plans, risk logs, user stories, final reports) for completeness, clarity, and alignment with sponsor expectations.

PROJECTS

WanderLust | <https://wanderlust-8czrkzqpf-santhoshbojanapallys-projects.vercel.app>

Aug 2025 - Dec 2025

- Engineered a full-stack booking platform using the MVC Framework. Tech stack used : Node.js, Express.js, MongoDB (Mongoose), and EJS that enables users to create, browse, and manage property listings with end-to-end CRUD functionality.
- Implemented user authentication and session management using cookies and flash messages to enhance data security and UX consistency.
- Integrated JOI-based request schema validation and centralized error middleware, improving reliability and maintainability.
- Developed a dynamic templating system with EJS-Mate layouts, providing a responsive and clean UI similar to Airbnbs property browsing experience.
- Applied Bootstrap styling and responsive design principles, achieving mobile-first compatibility across all devices

Portfolio built using React.js | <https://santhoshportfolio-nine.vercel.app/>

Mar 2025 - Mar 2025

- Designed and developed a fully responsive personal portfolio using **React.js** and **Bootstrap CSS**, showcasing projects, skills, and academic background.
- Implemented a dynamic, mobile-first navigation system with a collapsible sidebar using **React Hooks (useState)** for state management.
- Built modular, reusable components (NavBar, Projects, Skills, Contact) to ensure scalable and maintainable architecture.
- Integrated smooth transitions, backdrop blur effects, and interactive UI elements to enhance user experience.

ACHIEVEMENTS

- **JEE Main 2020:** Ranked 15,000 among 1M+ (1.4%) in one of the hardest engineering entrance exams in India.
- **LeetCode Biweekly Contest 162:** Ranked 792 among 30000 participants on LeetCode's Weekly Contest 472.
- **LeetCode Weekly Contest 459:** Ranked 1664 among 36000 participants on LeetCode's BiWeekly Contest 162.
- **Top 5% on Leetcode:** Ranked in the top 5% on Leetcode with a contest rating of 1888 (MAX) and solved 1000+ questions on data structures and algorithms.
